EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John R. Benefiel on 4/11/06.

The application has been amended as follows:

In claim 6, line 1, changed the dependency from claim 2 to claim 1.

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach an air duct register for use in a finished ceiling and includes a manifold housing for connecting to a duct and a separate manifold cover piece attachable to the housing in a position covering the access opening in a side wall of the manifold housing and a ceiling clamp having an externally positioned actuator which attaches the manifold housing to the ceiling hole.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory A. Wilson whose telephone number is (571)272-4882. The examiner can normally be reached on 7 am - 4:30 pm EST.
